

## SERVICES

### Prepress

We offer complete electronic and conventional prepress. Our electronic prepress includes Macintosh and PC design stations, hi resolution scanning, state-of-the-art direct-to-plate technology, large format imagesetting, bluelines, digital color proofs and color matchproofs. Our art department supports most software, including Photoshop, Pagemaker, Illustrator, Freehand and QuarkXpress.

Whether your company is providing artwork electronically, camera ready or as a rough mock up, we will get you the results you need.

### Creative

Our creative team is comprised of highly skilled graphic designers, offering a wide range of services including; collateral design, corporate identity, typesetting, layout and web site design.

## MISSION STATEMENT

Image Ink Print Management and the B. Allen Company were built on three basic principals; dedication, reliability and customer satisfaction. This foundation, along with our forward focus, has helped propel us to the top of our industry. We provide our customers with a total graphic communications solution. Image Ink Print Management provides full service graphic design, prepress and printing. The B. Allen Company, based in Santa Maria California, provides complete fulfillment, inventory management, bindery, mailing and shipping services.
